

# SCHOLARSHIP OPPORTUNITY

## FOR HEALTH POLICY & TECHNOLOGY ASSESSMENT HEPTA PROGRAM

HePTA is the first Health Technology Assessment postgraduate program for Masters and PhD students in Asia. It is offered at the Mahidol University in Thailand. The program covers the systematic evaluation of properties, effects and/or impacts of health policy, and health technologies and interventions. The assessment is conducted by interdisciplinary groups using explicit analytical frameworks, drawing on clinical, epidemiological, health economic, social, ethical issues, and other information and methodologies.

### The Package:

HITAP is offering a scholarship to the HePTA Program.

Specifically the scholarship will cover:

- ★ Tuition and School Fees
- ★ Basic Stipend & Health Insurance
- ★ Return Ticket Economy to Home Country (1)

Available Scholarships: for Vietnamese Citizen (1)  
for Indonesian Citizen (1)

### Alert!

Application to the scholarship is not an automatic acceptance to the HePTA Program. Applications open on August 2016. Please apply separately to the program at <http://www.pharmacy.mahidol.ac.th/>.
